Columbia's new time signal, which is tuned to the precise

standard pitch of "A," vibrates in tune as the vibrant Jane Pickens sings a duet with it. The man (the one with the cigar in his

mouth) striking it is Old Maestro Ben Bernie, and right after this picture was taken he tuned his "Yowsah!" to the correct "A" as well. This tubular chime was constructed especially for CBS for

use in sounding its daily time signals to coordinate the various

stations of the coast-to-coast network. Its 440 vibrations per second give the exact tone of "A" which is standard concert pitch

in most of the western world today.

nia was much embarrassed

today when its annual winter

carnival was to open with a snowman contest — and there

was no snow. Balmy breezes

and high temperatures made

most of the snow disappear

so that resourceful amateur

sculptors had to resort to cot-

ton and frost scraped from refrigerated railroad fruit cars to build their snowmen.

Olaf H. Johnson, executive sec retary of the Wisconsin rural electrification coordination, lauded the pioneering spirit of western Wisconsin farmers for developing a cooperative electricity system, in a talk at Holcombe Friday. "The Wisconsin cooperative

generating plant in construction in the vicinity of Chippewa Falls is no ring completion and will be ready for operation Mar. 1" Johnson said. "This is a million dollar power plant, modern and efficient in every respect, and will supply

cheap electric power to 10,000
