This year's successor to last year's memorable "Four Daughters," is another picture of the joys and sorrows of an amusing and lovable family, entitled "Daugh-ters Courageous," showing at the Ohio theatre.

While it is in no sense a sequel to "Four Daughters," since it concerns another family played by the same stars, but in a different setting, the new picture has many

The most striking, and what will probably be the most satisfying, is the fact that every member of the part of equal importance and of a similar significance in the new production. To assure recapture of the charm which so distinguished last year's picture, the studio assigned the same director, Michael Curtiz, to "Daughters Courageous" and even had the screen play written by a team of scenarists of which one member was also a co-author of last year's "Four Daughters." Priscilla, Rosemary and Lola Lane and Gale Page are again a quartet of lively and affectionate sisters in the new film, and they again have Claude Rains as their father. They also have the same suitors, John Garfield and Jeffrey Lynn vying for the hand of Priscilla, McHugh courting Lola, and Dick Foran-this is a slight difference-trying to divide his affections between Rosemary and Gale. Even lovable May Robson is again in the cast, tho she is not a member of the family this time, being an old servant who has been with them for many years, so many, in fact, that she feels she has the right to a loud voice in the family's affairs.
