JAP SHIPS SUNK FASTER THAN BUILDING RATE

WASHINGTON, Oct. 14—(INS)—America's expanding submarine fleet today is sinking Japanese ships faster than the enemy can build them.
This information came from President Roosevelt who told a news conference that for several months American subs have sent to the bottom 150,000 tons of enemy ships monthly.
According to records based on Navy department communiques U. S. subs alone have sunk 223 Jap ships of all types, probably sunk 81 and damaged 61 for a grand total of 313.
