### Dane OPA Checks Tires for Recap Need

Dane county OPA officials have begun an "at random" tire check-ing survey as part of a campaign to have worn tires recapped be-fore it's too late, it was learned

today. The plan involves the inspection of tires of cars on the streets, parking lots, war plant lots, and in service stations. In each in-stance where smooth tires are ob-served, the license number of the car is taken and a card sent to

be recapped.

A notation is then attached to that motorist's record in the OPA termined if the tires have been

## Arrest Psoriasis IIch Make This 35c Test

you suffer from itchy psoriasis, you know how distasteful it is to have your skin disfigured by this emb@rassing ailment. It also robs you of the enjoyment of normal pleasures because of your appear ance. But don't be discouraged, NELORE offers blessed relief. It is an externa application which helps to remove the scales and crusts of psoriasis in a gentle way, southing and quickly relieving the stehing and discomfort. No matter what you may have tried, you owe it to your self to get a 35c jor of NELORE today— your money refunded if not delighted. files and should an application be recapped before a certificate is made for a new tire, it will be de-issued.

Tung oil for use in manufacture of linoleums, paints, varnishes and like products is one of the newest Florida industries.

## Uncle Ray's Corner

If you have a pan of water and

blow against the surface you can make little waves.

In much the same way, the were left in the sunlight long to obtain a free copy of the wind blows against the ocean surface and makes big waves. Ocean waves may be called "as high as bours?" and a half pounds of salt would wonders of the World" send a bours?" and a copy of the water the water self-addressed stamped enveloped.

of the next may be a distance of one-tenth of a mile!

GASOLINE — A14 coupons ex-pire March 21; B5, B6, C5, C6, apart on the open ocean.

Huge wave breaking on British coast.

In my ocean voyages, I never have known the ocean to be "per-fectly quiet." I have been aboard steamers on many calm days, but

even then the water rose and fell. The freezing point of ocean water

even then the water rose and fell. The freezing point of ocean water seem always to be present in the ocean. If we want water "as smooth as glass," we may find it in a lake, or pond or goldfish bowl, but let us not go out on the Atlantic or Pacific to look for it! ocan Ocean water is salty, and not fit to drink. If 12 gallons of it Tomorrow: Dark Ocean Depths were left in the sunlight long To obtain a free copy of t

waves may be called "as high as a house," and some of them are much higher than a two-story house. In a heavy gale, a wave may be 45 or 50 feet high.

The volume of ocean waves, as well as the height, is something which may cause wonder. From the crest of one wave to the crest of the next may be a distance of the next may be left behind after the water water and turned into vapor. People on lifeboats or rafts they do that, they are very likely to become sick, and may die as a result. Ways have been found to take salt from the water with the safety match the phosphorous in the safety match the phosphorous of the next may be a distance of the next may be a distance of the next may be left behind after the water with turned into vapor.

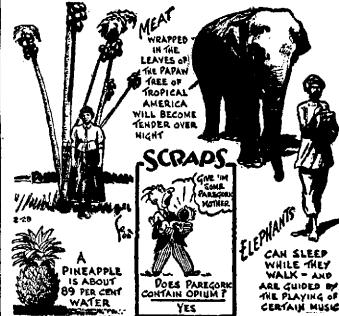

People on lifeboats or rafts the paper.

The difference between kitchen matches and the safeties is this. In the kitchen match the "eye" contains the phosphorous necessary for ignition. In the safety match the phosphorous of the paper on the box or paper or the paper of the paper of

SCOTT'S SCRAP BOOK

By R. J. Scott

of the next may be a distance of one-tenth of a mile!

Some ocean waves are closer together than that, but it is common during a heavy wind for the man during a heavy wind for the
