"Three Is A Family" Provides **Moviegoers With Many Laughs**

With a sure-fire lineup of comedy players and a production that is as smooth as silk. Hollywood's newest laugh-spree hit the screen of the Sigma theatre Tuesday. The new film-"Three is a Family."

With the housing, husband and maid shortage due to the war, the theme hits the current domestic scene all over the country and will appeal especially to young people who have found themselves in similar fixes, or oldsters who have been

moved in on willy nilly. The prevalence of prospective mothers on the scene today is also played up with highly amusing results, especially in the case of Jeff Donnell whose husband, Arthur Lake, keeps everyone in a dither. If you felt a cold blast of wind

when you passed the Ohio theatre the other day, it was just coming from the film "Christmas in Connecticut." The picture has such realistic scenes that one can almost feel the cold. Barbara Stanwyck, Dennis Morgan and Sydney Greenstreet have the starring roles in this hilarious piece of movie production.

To those of you who did not have the time or for some other reason failed to see Island" and "My Friend Flicka" when they were here in Lima, you'll be happy to know that both films have been returned to the Quilna for a few days. Both pictures were called back by popular request. They have been filmed in technicolor and present stars who are your favorites

John Wayne has the leading role in "Back to Bataan." the current attraction at the State theatre. The film tells of the heroic guernilla bands who under the command of Wayne, held back the Japanese until MacArthur could fulfill his pledge of coming back.
