# TEXAS LADY LOSES 26 POUNDS

The following remarkable story shows conclusively that Barocentra 2025S takes off fat.

It contains nothing harmful. In fact it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barocentra, the original grapefruit juice recipe, takes off fat quickly, safely and yet cost only cents.

**Here is proof**

"I feel that I must write and tell you what results I have had with your wonderful medicine Barocentra. Before I started taking it, I felt run down and tired all the time. I weighed 250 pounds. I have

already lost 26 pounds and am going to continue taking it until I get down to 150 pounds." Mrs. Lee McFarland, Santa L. Forest, Texas.

**At all druggists**

If you are overweight and want to take off 25 or 50 lbs. just go to your druggist and ask for four ounces of liquid Barocentra. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoons a day. If the very first bottle doesn't show you the results, safe way to take off weight, return the empty bottle for your money back. (Adv.)
